SEDALIA, MISSOURI, FRIDAY, APRIL 28, 1893.

PRICE, FIVE CENTS.

COOK SURRENDERS.

THE LATE MISSOURI PACIFIC
TIME KEEPER IS HOME.

HE CAME THIS MORNING.

Gave Himself Up to an Officer and
Was Released on a \$500
Bond at Once.

Joe M. Cook, late time keeper at the Missouri Pacific shops, who left Sedalia on the 29th day of last month under a cloud, returned to the city on one of the morning trains to-day and at 9 o'clock sought an officer and voluntarily surrendered.

The accused was taken in custody under a capias, on an indictment found by the late grand jury, which charges forgery in the third degree, and on the back of which his bond had been fixed at \$500.

Mr. Cook was taken at once to the office of his attorney, Hon. P. D. Hastain, when he gave bond in the sum stated, with the following gentlemen as sureties: Joseph M. Cook, the defendant, as principal; Jas. Cook, his father; J. L. Cook, a brother, a merchant of Rockville; and Jas. Ringen, brother-in-law, of Smithton. The bond was at once approved by Sheriff Porter, after which Mr. Cook was discharged from custody.

A DEMOCRAT reporter was present while the preliminaries incident to release were being arranged, and at the conclusion talked briefly with the young man who has been given so much newspaper notoriety during the past month.

He positively refused to make a statement regarding his movements since leaving Sedalia, but said he desired his friends to know that he was not as black as he had been painted by some people. He has enjoyed good health during his absence, he said, and is feeling first-class now, with the exception of a slight cold.

"I shall remain right here in Sedalia until my case comes up in the court," he said to the DEMOCRAT's representative, "and I shall make no statement of any kind to anybody, so if one is published and attributed to me my friends can set it down as false. My wife and child are here, having returned from Denver a couple of days after I left Sedalia, and I shall remain at home with them, just as though nothing had happened."

Mr. Cook's personal appearance led to the belief that he had just concluded a long journey, but he positively refused to discuss the matter, dismissing it with the statement that it was immaterial which direction he came from or on what train he arrived. Mr. Cook remained in Mr. Hastain's office a few minutes and then departed for home, stopping en route to shake hands with numerous friends who appeared glad to greet him.

The arrival of Mr. Cook was no surprise to two or three people in Sedalia, it appears, for one of them remarked yesterday: "Cook will be in Sedalia inside of the next forty-eight hours." When interrogated, however, he declined to talk further, and proceeded about his business with the remark, "Wait and see."

The DEMOCRAT has no positive knowledge as to the whereabouts of Mr. Cook since his unceremonious departure from Sedalia, but there are many circumstances that lead to the belief that a considerable portion of the time since then has been spent in Old Mexico, and the recent visit of Detective Furlong, of St. Louis, to Sedalia was in connection with Mr. Cook's case.

The engineers and firemen who are alleged to have been implicated with Mr. Cook in swindling the Missouri Pacific had no knowledge whatever that he would return to Sedalia and expressed considerable surprise when informed that he was here and prepared to stand trial at the next term of the Pettis county criminal court.

UGLY CHARGES.

A Wife's Reply to Her Husband's
Petition for Divorce.

Among the divorce suits that will come up at the May term of the Pettis county circuit court is that of Daniel M. De Vasconcellos, an employee of the M., K. & T., with headquarters here, versus Margaret De Vasconcellos, of Springfield,

Ill., the decree being asked for on the grounds of alleged desertion.

To-day Circuit Clerk Fowler received a reply to the husband's petition, from Mrs. De Vasconcellos, in which she says:

"My husband is outrageously imposing on me. He swears falsely when he says that I deserted him, for I have followed him and pleaded with him time and again to return and live with and support me. My health is poor and I am a helpless creature.

"One year ago last October I went to Sedalia, saw him and begged him to return to Springfield and do something for me. He ran away from me in East Sedalia and hid in his boarding house. He did not give me a cent and did not know or care whether I had money to return home on or not.

"He wishes to get rid of me so he can marry again, for I have letters in my possession from women whom he has been courting. No honorable married man would receive such letters.

"I hope the honorable judge will read this letter and then give me a chance to fight for my rights."

The letter is dated Springfield, Ill., April 26th, and gives the wife's residence as No. 927 East Cook street in that city.

AGAIN KIDNAPED.

TWICE STOLEN FROM HER HOME
IN KANSAS CITY.

Ella Day's Sad Experience of the
Rough Side of Life Among
Gypsy Tramps.

The Kansas City Journal gives the particulars of a bold crime by kidnapers in that city that rivals in sensational features the kidnaping of Baby Beals.

The victim is a young girl named Ella Day, who disappeared as though the earth had opened and swallowed her up.

In 1877 Ellen Day, then a child of three years, living with her grand-mother, Mrs. Freeman, was stolen by a gypsy fortune teller. Another little girl named Maude Jackson was kidnaped at the same time.

For years search for the missing children was prosecuted by the two families until the Jacksons had exhausted all their means and Mrs. Freeman had spent large sums of money.

Finally, after nearly ten years search, the children were located in Colorado, where they had been taken by the gypsy woman and made to dance and sing in saloons in the mining camps. They were taken charge of by the society for the prevention of cruelty to children.

Ella's father, who many years before had drifted out west a hopeless wreck, secured her release and assumed guardianship over her, but the bad associations into which he took the child caused her grandmother to make a successful effort to gain possession of her.

Ella was taken to Kansas City and became the companion of her aged grandmother and when the latter died last year she gave the most of her estate to the child.

Upon the death of Mrs. Freeman the girl went to live with her aunt, Mrs. Hatfield. Last Saturday evening she disappeared and no clue to her whereabouts or the cause of her disappearance can be found.

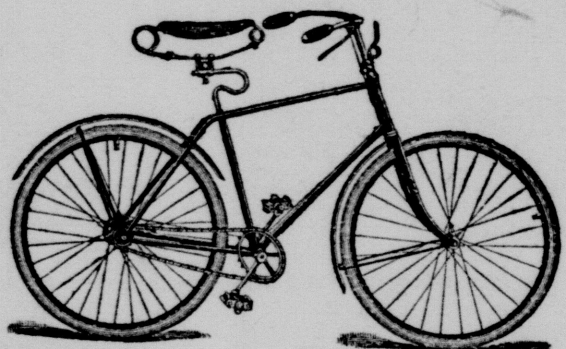

MILLIONS IN SIGHT.

The Biggest Find in Gold Since
Away Back in '52.

CENTRAL POINT, ONT., April 28. —One of the richest gold strikes in Southern Oregon since the days of 1852 has been made within two miles of this place in the last week. The entire country is wild with excitement. If the present exodus to the hills continues the town will be depopulated before the end of the week. The rich chute continues to grow richer and they are taking out gold in fabulous quantities. With in two hours yesterday morning more than \$500 in coarse gold was taken from the ledge. This mine is in the famous Willow Springs district, which has a gold-producing history dating back to 1852. Within a radius of one mile from the Herschberger claim no less than sixty pockets are being worked. From \$50 to \$200 is being taken out each day by a single miner. One ledge contains pay streaks showing pieces of gold as large as peas.

The main body of the lode is of free milling rock that will run \$300 to the ton. Several thousand dollars will be taken from each pocket.

Investments!

The soil from the surface of all the ledges is filled with coarse gold and is being sacked and stored. The excitement has reached the neighboring towns and prospectors are coming in on each train. It is estimated \$1,000,000 is in sight in the Willow Springs district.

Want Houses to Rent.

"Look at the pile of letters," said a real estate man to-day. "Every one of them is an inquiry from people at a distance inquiring the price of Sedalia property, what inducements are offered for investments and wanting advice as to the probable business future of the town. Real estate has never been firmer than it is to-day and prices are constantly growing better."

"Say, can you tell me where I can find any houses to rent?" was the interrogation thrown at the reporter as he passed out the door.

Wind and Sand.

Sedalia has had a taste of Kansas sand storms to-day. A regular March wind was blowing and pedestrians had their eyes filled with dust at every corner. The street sprinkler would not be out of place.

COMMITTEES NAMED.

An Important Meeting of Catholic
Societies Last Night.

An important business meeting was held at Hurley's hall last night by the committees of the different Catholic societies of the city, to complete the arrangements for the dedication of Sacred Heart church Sunday.

A resolution was unanimously adopted refusing admittance to children under 15 years of age at the dedicatory services.

The following gentlemen were appointed a committee on reception to meet visitors at the trains:

Catholic Benevolent Society—Frank Van Hoff, Jos. Patt, E. G. Cassidy, James Glass and Con Quinn.

Knights of Father Matthew—W. B. Martin, Con McHugh, Pat Grace, Dr. M. T. Collins and R.D. McCubbin.

Catholic Knights of America—G. H. Altemueller, Daniel Clifford, Peter R. Myers, J. H. Vitt and D. E. Kennedy.

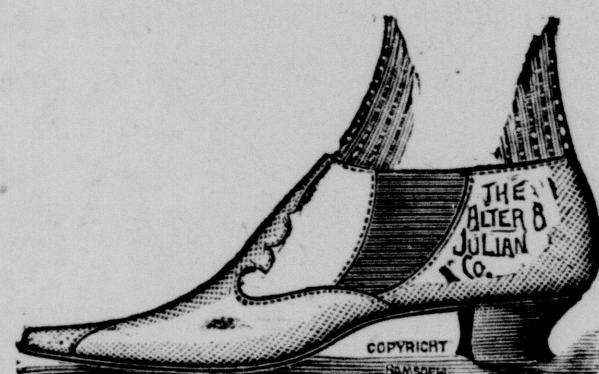

Doorkeepers—Peter R. Myers, John McGinley, John Cunningham, Wm. Curran, Jos. Patt, Jos. Dickman and Frank Van Hoff.

Ushers—J. H. Pilkington, D. E. Kennedy, Jos. Imhauser, Jos. Wallace, Geo. Dent and Edward Keck. The dedicatory services will commence at 10:45 o'clock promptly, and will be conducted by Bishop Hogan, of Kansas City.

The clergy and Catholic societies will march from the parsonage to the church, and will then march

around the edifice, after which they will enter and make a circle of the inside of the church.

At the conclusion, the dedicatory services will be conducted according to the ritual of the Catholic church.

High mass will be said by Very Rev. Henry Drees, of Ohio, provincial of the C. P. S., and the sermon will be preached by Rev. Dr. Sellinger, of St. Francis seminary, Milwaukee. The sacrament of confirmation will then be administered by Bishop Hogan, which will conclude the ceremonies incident to the dedication.

Three New Members.

The membership of lodge No. 16, Woodmen of the World, was increased by the initiation of Calvin Majors, T. W. Porter and W. S. Carter last night. The lodge now has a membership of 120 and also has more than \$400 in the general fund. After the initiations referred to, J. J. Shrike was initiated into the mysteries of the "Morning Degree."

Will Arrive This Evening.

Lieut. Samuel A. Smoke, (U. S. A., 18th Infantry,) commandant of the military school of the state university and manager of the foot-ball elevens of the university, will arrive on the six o'clock train this afternoon with the second eleven of the university and substitutes for the foot-ball game at the park tomorrow afternoon.

THE DAILY DEMOCRAT.

CLEAN up the city and keep it clean.

WHILE New York is monopolizing the gold of the country, Chicago is running a corner on servant girls.

THE death roll of the Oklahoma cyclone now reaches one hundred while twice that number of people were injured.

THE western congress was practically unanimous in favor of free coinage of silver, even though the resolution was reconsidered after most of the delegates had gone home.

PRESIDENT CLEVELAND will "press the button" and start the World's Fair machinery going on May 1st. A great many democrats are anxious that he shall start federal officers to "going" as soon as possible.

RUSSIA will make a five million dollar exhibit at the World's Fair. It would have been much more creditable to spend that amount in relieving the distress of the thousands of poor people who actually starved to death in that country during the past year.

AFTER the labor and forethought of the sanitary officer has reduced the cost of cleaning the alleys and lots to a minimum there is no excuse for any citizen to refuse to obey the order to clean up. In case any do refuse let them be arrested and fined with out fear or favor.

THE subsidized railroads of the country owe the government \$750,000,000, and President Cleveland is said to be determined to make them pay the debt. As many of these railroads have been paralleled and are now non-paying properties, it will be a difficult matter to make them disgorge.

A. K. FLORIDA, owner of the Bank of Arrow Rock, which failed in January last, committed suicide in St. Louis yesterday. Financial difficulties caused the rash act. He made the mistake of trying to get rich too fast and undertook business ventures more extensive than he could carry through.

UNDER the new election law in Kansas the campaign expenses of the successful candidate for mayor of Topeka only amounted to \$44.90. The "corrupt practice act" will make corresponding reductions in campaign expenses in Missouri, and besides being a needed reform it will be a popular measure with candidates.

THE mob which hung the wrong man in Georgia the other day is not as courteous and polite as the "vigilance committee" out west, the members of which when they discovered that they had "removed" an innocent tender-foot whom they mistook for a noted horse thief, gravely passed a resolution "begging the corpse's pardon" for the mistake.

THE "Western Congress" is right in denouncing the Nicaragua canal scheme. If the United States wants to spend \$100,000,000 of the people's money in internal improvements, at least let the improvements be such as will benefit the mass of tax-payers—improved public roads for instance. But it would be still better to leave that \$100,000,000 in the hands of the people to expend as they see fit.

THE *Chronicle* thinks St. Louis is in no danger of such a visitation of cholera as that which scourged the city in 1849. Then a large part of the city was without sewers, and the filth and garbage was allowed to lie in the streets and alleys for weeks and months at a time, putrifying in the hot sun and loading the air with the germs of disease; people daily drank water from wells which were the receptacles for the filth of the neighborhood carried into them by water seeping through the earth. But now conditions are changed, and in the greater part of the city some attention is paid to sanitary measures. It is the towns that are now in the condition that St. Louis was in 1849 that will witness the heartrending scenes that transpired there during the memorable summer that almost depopulated the city.

BLIND BOONE.

The Christian Church Crowded to its Utmost Capacity Last Evening.

An audience of fully twelve hundred persons greeted the blind musician and his company at the Christian church last evening.

Blind Boone is certainly the most wonderful natural musician of the age.

There were thirteen numbers on the programme but with an encore, which was responded to each and every number, the programme was made double in length.

The musical description of a storm was perfect, the auditor could hear the thunder and almost see the flashes of lightning. His imitation of the different musical instruments was equally as perfect.

Sedalia's popular pianist, Miss Lizzie Lee Warren, was called to the stage and played a most difficult number, which "Boone" had never before heard. The blind musician took his seat at the piano, and immediately reproduced it, without missing a note. An incident occurred before the concert which shows that he has a most retractive memory.

Dr. S. K. Crawford of this city knew Boone and befriended him years ago, but had not met him for six years. The Dr. without giving his name took him by the hand and said "Boone do you remember me?" The musician grasped his hand and said "I know your voice, let me place you." He swayed his body back and forth for a minute, when he exclaimed "It is my good friend Dr. Crawford of Warsaw."

After the concert he requested that Miss Lizzie Lee Warren play for him, which she kindly consented to do and he seemed to enjoy it very much.

Rev. J. S. Myers, who had the concert in charge, is to be congratulated on its splendid success both financially and as a musical treat.

Funeral of S. P. Dorsey.

The funeral services of S. P. Dorsey, aged 30 years, whose death resulted from consumption, took place at the Cumberland Presbyterian church yesterday afternoon. In the absence of the pastor, Rev. Pearson, Rev. J. S. Myers, of the Christian church, conducted the services. His sermon was one of eloquence and deep feeling, and which touched upon the noble qualities of the deceased in a beautiful manner. The remains were interred at Georgetown.

Good Improvements.

S. P. Johns & Sons, the lumber dealers, are making some fine improvements at their lumber yards on West Main street. They have just erected sheds which will shelter thousands of feet of drawn lumber, also a roomy ware-house, into which can be unloaded direct from the car, their cement, lime, plaster, etc. The improvements are first class and will facilitate the large business of the firm.

THE FOOT BALL GAME.

It Should be Liberally Patronized by Sedalians To-Morrow Afternoon.

The match game of foot ball, which is to be played at Association park on Saturday afternoon between the Eleveens of the state university and the Marmaduke Military academy, is attracting great interest and attention. Very few of those generally interested in athletics understand the game, and for that reason some curiosity to see how it is played exists.

The DEMOCRAT hopes that the students of the high school and Robbins' Business college will witness the game, with a view of forming rival teams to play the coming winter. In St. Louis there is a league of foot ball Eleveens, in which the various athletic clubs are represented, who play a regular schedule during each winter. The leading teams are the Pastimes, the Blue-Bells and the Shamrocks. Kansas City also has several teams. There is no good reason why the members of the Sedalia Athletic club should not witness this game and put a team in the field for the coming winter.

Then, also, the members of the Sedalia base ball club could readily muster an opposing eleven, which would doubtless be the strongest that could be gathered together, because of their practice on the diamond. Any two clubs that could get the Association park on Thanksgiving or Christmas day could make clear from five-hundred to a thousand dollars and give the people in this city and vicinity rare sport and enjoyment.

If an eleven can be organized in Sedalia for next winter it can get games at a slight expense at any time with the Marmaduke team, which is only twenty miles away. The DEMOCRAT hopes an interest will be taken in this game, as it is one of the greatest of athletic sports. It is claimed that in base ball only part of both nines are in actual play at any given time, and sometimes the pitcher, batter and catcher monopolize the game for a great part of the time. In foot-ball it is different. All the twenty-two players are playing all the time from the beginning of the game till it ends, and the game is full of opportunities for head-work, tactics, activity and speed for every player. Let every one who possibly can turn out Saturday afternoon and give the college boys a good audience as well as catch on to the game

for the purpose of playing and witnessing it here regularly during cold weather.

ARCADIAN Waukesha Spring Water!

(WAUKESHA, WISCONSIN.)

The most healthful and refreshing summer and table drink in the world. It will absolutely cure Diabetes, Bright's Disease, Dyspepsia, Constipation, Gravel and Inflammation of the Kidneys and Bladder and all diseases of the Urinary Organs. It is also especially beneficial in cases of Scarlet and Typhoid fevers. For the truth of the foregoing claims for Waukesha water, ask your family physician.

READ THE CHEMICAL ANALYSIS:

ARCADIAN MINERAL SPRING CO., Waukesha, Wis.	CHICAGO, Aug. 29, 1884.
Gentlemen:—Upon subjecting to chemical analysis the specimen of Arcadian Spring Water which I obtained, in person, from the spring, I find that each gallon of 231 cubic inches contains:	
Chloride of Sodium.....	0.3076 grains.
Sulphate of Potassium.....	0.4568 grains.
Sulphate of Sodium.....	0.9083 grains.
Bicarbonate of Calcium.....	16.2000 grains.
Bicarbonate of Magnesium.....	10.9070 grains.
Bicarbonate of Iron.....	0.0647 grains.
Bicarbonate of Sodium.....	0.9089 grains.
Phosphate of Sodium.....	a trace.
Alumina.....	0.0874 grains.
Silica.....	0.6713 grains.
Organic Matter.....	very slight trace.

Total..... 30.5114 grains.

From 100,000 parts of the water there were obtained, upon testing its organic purity by the albuminoid-ammonia process, 0 parts (or a trace too small to be measured) of free ammonia and 1 part of albuminoid ammonia.

It appears to be in every respect an admirable and valuable alkaline-calcic water. It is possessed of great organic purity, as is shown by the small amount of ammonia obtained from it by the albuminoid-ammonia test. At present writing (Aug. 1884) I know of only one water which has been subjected to an examination by this test whose published analysis shows equally favorable results in this respect; the water referred to being that of a spring at the village of Woodham, England. I have never analyzed a water showing a smaller amount of organic matter; whether examined by the albuminoid-ammonia process or any other tests.

Yours Respectfully,

WALTER S. HAINES, M. D.
Prof. of Chemistry, Pharmacy, and Toxicology in Rush Medical College.
If you value your health drink Waukesha Water, Arcadian Ginger Ale, Arcadian Wild Cherry Phosphate. For sale at all first-class saloons. Family orders promptly filled.

O'BRIEN'S AMERICANITE

HAVANA CIGARS.

JAMES O'BRIEN, MANUFACTURER, KANSAS CITY, MO.

THE RAILROADS.

Adam Antonio, of the "Katy," is confined to his home with rheumatism.

Ed. Boyd, the well known fireman, is home from a visit with St. Louis friends.

Rumor has it that a well known local engineer will soon take unto himself a bride.

D. F. Clark, of the state capital, tie agent for the Missouri Pacific, was in town to-day.

A. C. Miner, of the traveling passenger force of the "Katy," left last night for Milwaukee.

Baggage man Jim Robb was ill yesterday and his run south was taken out by Ed Holland.

Billy Drechsler, of the "Katy" shops, who has been laying off because of illness, resumed work to-day.

Cliff T. Rogers, who runs a switch engine in the yards, has been laying off for the past two or three days.

C. P. Rector, general freight agent of the "Katy" at Parsons, passed through Sedalia last night on his way to Chicago.

Boilermaker Graves, of the Missouri Pacific shops, has gone to Indianapolis, where he is a delegate to the Boilermakers' convention.

The Columbia Herald says that Vice President Wald estimates the damage to the Missouri, Kansas and Eastern by the late storm to be \$100,000.

Asa Roberts, who has been attending Central Business college, left last night for Chicago, where he has accepted a position in the general freight office of the Chicago and Grand Trunk railway.

Superintendent H. G. Clark's private car, No. 101, is in the shops at St. Louis undergoing repairs. In the meantime he is using private car No. 1000, the "Magnolia," from the Kansas City, Wyandotte and Northwest.

The Kansas City Journal of to-day has a well executed picture of General Manager J. J. Frey, of the Santa Fe, and a column article complimentary to his ability as a railroad manager and his popularity as a gentleman. Col. Frey is exceeding even the most sanguine expectations of his friends in the successes of his new position.

Charlie Van Buren Wedded.

Information was received here to-day that Charlie N. Van Buren, an operator formerly in the employ of the Missouri Pacific and later with the M., K. & T. in this city, but at present with the Postal Telegraph company in St. Louis, was quietly married yesterday, the fortunate young lady being Miss Carrie Barnes, of St. Louis. The young couple left St. Louis during the day for Alton, without apprising their friends of what they contemplated doing, and were married in the parlor of Hotel Madison by Rev. F. L. Thompson, a Methodist minister. "Van's" Sedalia friends, and especially the members of the Flambeau club, will no doubt join the DEMOCRAT in extending hearty congratulations.

"Indicators" Done Away With.

The M., K. & T. has abolished the use of speed indicators on all freight trains on the system, and those that have been in use on the Hannibal and Parsons divisions were shipped to Parsons to-day to be stored. And thus does the work of retrenchment go forward under Vice-President Purdy. It is claimed that the indicators cost the company an average of \$1,000 a month, or \$12,000 a year, and hence the determination to abolish them.

The Flesh Grows Again.

"It is a remarkable thing," said an electrical engineer to day, "that flesh charred by electricity will grow again and no scar will be left. For instance, the entire end of my right thumb was burnt to the bone, yet the flesh grew out again and the only difference I can notice is a certain degree of numbness."

A Good Thing for Coughs and Colds.

The more Chamberlain's Cough Remedy is used the better it is liked. We know of no other remedy that always gives satisfaction. It is good when you first catch cold. It is good when your cough is seated and your lungs are sore. It is good in any kind of a cough. We have sold twenty-five dozen of it and every bottle has given satisfaction. Steadman & Friedman, druggists, Minnesota Lake, Minn. 50 cent bottles for sale by Aug. Fleischmann.

A POSTOFFICE MEETING.

The Democrats of Marshall anxious for a change.

The democrats of our neighboring city of Marshall are anxious for a change in postmasters and to help secure immediate action about seventy five of them have signed a

call for a public meeting in order to indicate their wishes to the president. The meeting is to be held on next Saturday evening, not to select a postmaster exactly but to agree upon a plan for uniting upon some one of the several gentleman who are asking for office, and then to make a long pull all together to get their choice appointed.

Brashear-Mitchell.

Cards are out announcing the coming marriage of Miss Nellie Leolia Mitchell to Mr. J. C. Brashear at the home of the bride's parents at Orchard View Farm, near Lamotte, on Thursday evening, May 4th. Miss Mitchell is the highly accomplished daughter of Mr. and Mrs. J. D. Mitchell and is a young lady in whom Mr. Brashear has found a rare jewel. The groom is a prominent young man and is in every way worthy his charming bride. The DEMOCRAT extends its congratulations in advance of the happy event.

"Royal Ruby" Port Wine.

If you are recued in vitality or strength by illness or any other cause, we recommend the use of this Old Port Wine, the very blood of the grape. A grand tonic for nursing mothers, and those reduced by wasting disease. It creates strength; improves the appetite; nature's own remedy, much preferable to drugs; guaranteed absolutely pure and over five years of age. Young wine ordinarily sold is not fit to use. Insist on having this standard brand, it cost no more. \$1 in quart bottles, pints 60 cts. Royal Wine Co. For sale by A. S. McGowan.

The First Game.

The weather was delightful, barring the fact that it was a little chilly, but notwithstanding this a very small audience witnessed the opening ball game at Association park yesterday afternoon between the Sedalias and a picked nine. The boys clearly showed their lack of practice, and at the end of the sixth inning, when the game was called, the score stood 26 to 6 in favor of the Sedalias. Jefferson City will play the Sedalias in this city at an early date.

Home Manufacture.

The Sedalia brewery is a home manufacture. It has taken special pains with this Imperial Brew of Bock beer, which will be placed on sale to-day and Saturday. If you want something fine sample it.

Nursery Swindlers.

A case of evident deception has been called to the attention of the DEMOCRAT wherein an agent for a nursery firm in the state took orders for certain high-price varieties of fine roses but delivered only the commonest varieties, accepting full payment, however. Housewives should be very careful about such matters, as a number of cases have been reported. The particular case in question will be further investigated and either the agent or the firm itself shown to be crooked.

World's Fair Rates.

Via the Missouri Pacific Ry. Pullman Palace Sleeping car for St. Louis, open at 8:30 p. m. daily. Berths reserved at any time. Chicago and return \$18.00. St. Louis and return \$9.05. Tickets good for return until November 15th, 1893. Any information desired given by

H. L. BERRY,

The New Labor Paper.

Nearly 250 of the 300 shares of stock in the labor paper that is to be established here have already been taken, and it is thought the remainder can be placed without difficulty. The paper will be printed every Saturday afternoon and will be a forty-column sheet—eight pages of five columns each. It will probably be called the Sedalia Unionist.

On Tap Friday and Saturday.

The Sedalia Brewing company have their celebrated Bock beer on tap to-day and Saturday. This is a special brew which is said to be the finest ever put on the Sedalia market.

Small Stones the Best.

A crowd is usually standing around the excavation for the new building being erected by the Smith & Cotton estate and the remark is frequently heard that the small flat stones used in the foundation do not seem so good as larger and heavier stones would be.

"That is a delusion," said a bronzed old stonemason. "I recently saw a wall in Old Mexico—the largest piece of masonry work ever beheld—and there was not a stone in it over three inches thick. The small stones make much the best foundation."

Library Meeting.

A meeting of the board of directors of the Sedalia library association, and others, will be held this evening at 8 o'clock at the residence of Mesdames Smith and Cotton, on East Broadway. The purpose of the meeting is to consult with reference to the future interests of the public library.

Proved to be the banner department last week. Owing to the rush we have been compelled to re-order many popular styles.

The New Line

Will be placed on sale to-morrow morning and ticketed at prices that will astonish and please. If you have not, as yet, bought a spring Jacket or Cape be sure to attend this great sale and invest.

IN ADDITION.

The prices quoted in our big "ad" of last week on Lace Curtains, Wool Dress Goods, Figured Silks, Wash Fabrics, Table Linens, Towels, Napkins and Counterpanes will hold good this entire week.
